RESPONSE TO ELECTION REQUIREMENT

Honorable Sir:

In the Office Action of April 3, 2009, The Examiner required an election between claim group I, claims 13-19, 24 and 25, drawn to a process for the recovery of a gaseous phase from a liquid fluid and claim group II, claims 20-23 drawn to a device for implementing the process of claim 13 on a commercial scale.

In response thereto, applicants elect to prosecute claim Group II, claims 20-23, drawn to a device for implementing the process of claim 13. This election is made without traverse. Further, this election is made without prejudice to presentation of later filed continuing applications covering the non-elected claims in the application.
